Abstracts

As stores reopen their doors in the United Arab Emirates in line with an easing of restrictions, many optical shops have introduced discounts and promotions on their luxury eyewear pieces to reduce accumulated stock levels. In 2021, while offers continued to take place, consumers, especially residents, are shopping more frequently due to pent-up demand. While international tourism has not resumed to pre-pandemic levels, a partial recovery is emerging, driven mainly by residents.

Euromonitor International's Luxury Eyewear in United Arab Emirates report offers a comprehensive guide to the size and shape of the Luxury Eyewear market at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth.
