Abstracts

Retail sales of luxury goods in France increased by 8% in current value terms to reach EUR37.6 billion in 2023. This represented the third consecutive year of positive growth following the decline seen in 2020, when the pandemic hit the country. However, in spite of the healthy growth rates recorded in the last three years, sales have yet to return to their pre-pandemic levels, given that the luxury goods market lost around a quarter of its value in 2020. The full return to 2019 sales levels, an...
