Abstracts

2021 was favourable year for luxury jewellery in Russia. One of the main factors behind the dynamism seen in 2021 was the fact that even after Russia reopened its borders in April most people refrained from travelling unless necessary due to fears around COVID-19 and the strict entry requirements of most markets. As a result, wealthier Russians spent less money on travelling and buying goods abroad and instead switched to purchasing luxury goods at home, including luxury jewellery.
