Abstracts

Luxury wearables target a specific audience who are focusing more on the fashion elements of smart wearables rather than the technological features. They are largely targeted towards younger, more brand-driven consumers who are not looking to make a long-term investment, as these are not the sort of luxury products which are passed down the generations, unlike luxury timepieces. In 2020 there was a steep decline in value sales of luxury wearables due to the COVID-19 pandemic and outlet closures,...
