Abstracts

Retail current value sales of luxury timepieces fell by almost a third in 2020. This decline was due to a combination of temporary store closures, a lack of tourists (prior to the pandemic, this group accounted for about 40% of demand for luxury timepieces), and the economic shock of the pandemic, which had a significant negative effect on the confidence of local consumers. Moreover, the cancellation of many social events led to a reduction in gifting, while working from home had a negative effect...
