Abstracts

LVMH's wines and champagnes are an impressive image-making and income-generating business, which is returning to growth after a recessionary downturn. The main challenge ahead for the company is to maintain its highest-margin business despite its heavy exposure to vulnerable markets. Could this be done in emerging markets with no champagne-drinking culture? And would the growth of other sparkling wine turn out to be a threat to its core money-makers?

This is the new descriptor.

Product coverage: Fortified Wine and Vermouth, Non-Grape Wine, Sparkling Wine, Still Light Grape Wine.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
