Abstracts

Despite some recovery after the global economic crisis, many of the world's major economies remain anaemic. This situation is prompting a change of approach in ingredients M&A, with many companies now opting for smaller, strategic purchases with clear growth potential rather than simply seeking to add size. This report provides background on M&A strategies in the diverse ingredients industry, pinpointing specific deals and assessing the varied approaches of some of the key companies.

Euromonitor International's M&A in the Ingredients Industry : Scaling Down But Thinking Ahead global briefing offers a comprehensive guide to the Ingredients market at an international level. It highlights the major drivers behind ingredient supply and demand, provides detailed analysis of the individual ingredient categories and the product categories they are used in. It also examines regional prospects, highlighting opportunities and challenges in ingredient usage.
