Abstracts

When analysing the performance of mass bath and shower in 2022, sales of liquid soap and hand sanitisers, for which demand surged in 2020 due to increased hygiene awareness and concerns over contracting COVID-19, continued to record declining sales following a drop in 2021. However, demand for these products is now deeply rooted in consumers' daily lives, and therefore volume sales remained higher than pre-pandemic levels.

Euromonitor International's Mass Beauty and Personal Care in Japan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.
