Abstracts

Uzbekistan is not a wealthy country and the ongoing economic instability, on a global level, is leading consumers in the country to become increasingly price-sensitive. In turn, this is benefiting sales in mass beauty and personal care over premium options. Indeed, the premium segment is niche in Uzbekistan due to these economic factors.

Furthermore, the burgeoning population in the country creates demographic factors to maintain stable demand – especially so regarding essential mass products.

Euromonitor International's Mass Beauty and Personal Care in Uzbekistan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.
