Abstracts

Meals and soup are expected to register a decrease in volume sales in 2023. In particular, soup is expected to register a steep volume decline. Part of this decline is due to the widespread availability of smuggled soup in outdoor markets. Smuggling has increased significantly in recent years. Bolivia's fixed exchange rate, coupled with recent sharp devaluation of its neighbours' currencies, makes Bolivia a highly profitable market for smuggling.

Euromonitor International's Meals and Soups in Bolivia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in directly informs our forecasts to 2027, clearly indicating how the market is expected to change.

Product coverage: Food Kits, Pizza, Prepared Salads, Ready Meals, Soup.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
