## Abstracts

Although plastic pouches recorded a slight decline in their unit volumes in 2022, this was less marked than the overall fall in sales in the packaging of meals and soups in Canada. Plastic pouches therefore once again gained share in meals and soups packaging in 2022, helped by their combination of convenience, practicality and versatility. Plastic pouches are lightweight and space-efficient, making them ideal for on-the-go consumers seeking portable meal solutions. Their flexibility allows for...
