Abstracts

The current economic landscape is witnessing a complex interplay of factors which are reshaping consumer behaviour and challenging the dynamics of the food industry. Inflationary pressures are driving customers to seek savings on their grocery bills, resulting in a decline in volume sales across retail channels, as value-conscious consumers seek to reduce their overall spend. This shift in consumer preferences is not just limited to the retail sector, with the weakened purchasing power also hind...

Euromonitor International's Meat in Australia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data in volume terms 2019-2023, allowing you to identify the sectors driving growth.
