Abstracts

Total demand for meat in Japan has remained fairly stable in 2023, supported by the ongoing recovery of foodservice sales, which is offsetting the decline in retail. Like many categories, foodservice volume sales of meat experienced significant declines at the height of the pandemic, especially in 2020 when the first state of the emergency was announced nationwide. Foodservice establishments were requested to shorten their working hours and limit the serving of alcoholic drinks. However, in Marc...
