## **Abstracts**

Products focused on men's specific needs remain important in Australia, despite the industry's move away from stereotypes and towards a more inclusive offering. Many brands that specifically claim to be for men remain popular and relevant, particularly in categories with a traditional, generalised focus on the female consumer, such as skin care and hair care. Retailers have continued to expand their men's grooming sections across all price ranges.

Euromonitor International's Men's Grooming in Australia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Men's Fragrances, Men's Shaving, Men's Toiletries.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
