## Abstracts

With women spending more time on activities such as visiting fitness centres and travelling in the wake of the pandemic, there was greater demand for a range of menstrual care products, especially higher-value products, in 2023, which led to an increase in current retail value sales in the Czech Republic. The rising prices for menstrual care were not crucial for consumers, as reliability mattered the most. Meanwhile, standard towels faced strong competition from more sophisticated products and e...

Euromonitor International's Menstrual Care in Czech Republic report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
