Abstracts

Menstrual care in India witnessed high single-digit retail current value and volume growth in 2023, on account of habit persistence, new product launches, and growing awareness regarding the importance of menstrual hygiene. Regular users of menstrual care products continued to use them with similar frequency due to product stickiness and habit persistence. However, these consumers were also seen to experiment with new product types and innovations that better addressed their concerns, despite th...

Euromonitor International's Menstrual Care in India report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
