Abstracts

Widespread inflation continues to erode households' purchasing power by changing the priorities of consumers away from apparel purchases towards food and basic services. In 2017, some foreign chain stores partially closed as they have not been able to replenish their inventories after President Maduro commanded all apparel stores cut their prices by 10-50% during the last quarter of 2015. Import restrictions caused obstacles to product availability forcing numerous firms to offer a narrower rang...

Euromonitor International's Menswear in Venezuela report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2013-2017 and analysis by distribution format allowing you to identify the sectors driving growth.
