## Abstracts

Elevated inflation and other economic challenges have resulted in a large number of job losses in Vietnam which has had a negative effect on the recovery of menswear in 2023 in both value and volume terms. Although the government has introduced a temporary reduction in VAT from 10% to 8% for the second half of 2023, many individuals are still being forced to look for ways to save money. As such, many consumers have reduced their spending less on non-essential menswear items, with some consumers...
