Abstracts

While freestanding microwaves claimed the lion's share in 2023, the share of built-in microwaves was growing faster than freestanding. Kitchen design trends favour built-in appliances, while the low penetration of built-in models creates more opportunities and prospects for growth. While built-in outperforms freestanding, its penetration is still low due to the significant difference in prices; premium brands dominate built-in with limited availability of products from a lower price point. This...
