Abstracts

Consumers' lifestyles in South Africa have changed significantly since the pandemic, particularly as many employees continue to work from home for at least part of the week. Subsequently, the need for a convenient environment has also increased cooking frequency and the warming up of leftover meals (which is a more affordable option compared to ordering takeaway). This is where microwaves are more convenient and quick to product results. The overall effect has resulted in increasing demand for m...

Euromonitor International's Microwaves in South Africa report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth.
