Abstracts

Recent years have seen an explosion in mobile web use. Increasingly powerful devices and apps are capable of fulfilling a multitude of tasks, from entertainment, communication and navigation to shopping, education and health monitoring. As a result, consumers are becoming ever more immersed in their own digital worlds, anywhere and at any time. This new global report analyses the current and future impact of the new mobile-centric lifestyle on consumer behaviour and markets.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow
