## Abstracts

In South Korea, consumers have formed a strong habit of shopping online rather than visiting physical stores since 2020. Having had a high mobile penetration of total e-commerce prior to the pandemic, in 2021, South Korea maintained its position as one of the most mobile-savvy countries in the world. Among the various factors driving the continued growth of mobile shopping, enhanced digital literacy amongst urban older consumers has been key. Once older consumers became more proficient in naviga...

Euromonitor International's Mobile E-Commerce (Goods) in South Korea report offers insight into key trends and developments driving the industry.
