## Abstracts

Montreal stands out in Canada for its scientific, retailing and logistics potential. The city continues growing both in terms of population and GDP. The Port of Montreal, the second biggest container handling port in the country, is an important hub for Canada's exporters and the importing countries. Economic recession was milder in Montreal than in the rest of Canada and the recovery has already led to numerous new jobs created in the tertiary sector.

Euromonitor's City Review report

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.

### Why buy this report?

Get a detailed picture of the Cities market;
