Abstracts

Mumbai is India's financial hub and the centre of the world's largest film industry. The city is confidently moving towards high value added economic activities. Mumbai's average household income (US\$14,000 in 2012) is the third-highest in India after Delhi and Bangalore. Yet living conditions leave much to be desired, as over 40% of Mumbai's households reside in slums.

Euromonitor's City Review report

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Cities market;
