Abstracts

While nappies/diapers/pants recorded a positive performance in both retail volume and value growth terms in 2022, this was mainly driven by disposable pants, which dominates overall category sales in India. Demand for nappies/diapers on the other hand, remained below pre-pandemic levels. During the initial months of the year, India was still recovering from the impact of COVID-19 and gradually, local society started to return to normal. However, many consumers were still working from home or as Euromonitor International's Nappies/Diapers/Pants in India report offers a comprehensive guide to the size and shape of the market at a national level.
