Abstracts

Naturally healthy beverages is the largest product area in terms of value sales within health and wellness. However, though it registered an increase in current value and volume sales, growth was not as high as for other health and wellness segments. This was largely due to its main product, bottled water, only registering a minimal increase in current value and volume sales. Tourists are a significant purchaser on on-the-go bottled water and with tourist numbers still low in 2021, this negative...

Euromonitor International's Naturally Healthy Beverages in Greece report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.

Product coverage: NH Hot Drinks, NH Soft Drinks.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
