## Abstracts

Naturally healthy beverages recorded strong growth in retail volume terms over the review period in Malaysia and this continued into 2020 as consumers continued to seek natural and healthy products during the pandemic. More consumers have become conscious of their food and drink intake and are opting for healthier products with a natural positioning. Although growth slowed in 2021 this was largely due to economic pressures with many households being forced to cut back on non-essential spending,...

Euromonitor International's Naturally Healthy Beverages in Malaysia report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.

**Product coverage:** NH Hot Drinks, NH Soft Drinks.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
