Abstracts

The dominant category of NH bottled water continues to record impressive growth rates, with local consumers purchasing packaged water more than ever as they trust this format, and are willing to pay a price rather than drink tap water. Consumers have raised questions about the safety of tap water in South Korea in recent years, which has led to a further shift towards bottled water or the use of water purifiers. The consumption of bottled water, including NH options, has continued to significant...

Euromonitor International's Naturally Healthy Beverages in South Korea report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.

Product coverage: NH Hot Drinks, NH Soft Drinks.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
