Abstracts

In 2021, NH bottled water continued to dominate the value share of value sales of total NH beverages as well as seeing the most dynamic growth. During the COVID-19 pandemic, the volume and current value sales of bottled water has registered good growth as on-trade sales have shifted to the home, following the closure of foodservice establishments. Likewise, since people continued working from home in 2021 and schools were closed, they have been using still bottled water for drinking and cooking...

Euromonitor International's Naturally Healthy Beverages in Turkey report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.

Product coverage: NH Hot Drinks, NH Soft Drinks.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
