Abstracts

Naturally healthy packaged food will continue to perform well in 2021, albeit at a slower rate than seen in 2020, as the performance this year was somewhat artificially boosted. Nonetheless, the product area will continue to perform well, given the rising health and wellness trend, which has been gathering further pace since the outbreak of COVID-19. Moreover, another factor that contributes to the strength of naturally healthy packaged food are cash desks and hot spots, where consumers are ofte...
