Abstracts

After strong growth in 2020 NH packaged food saw only modest gains in current value terms in 2021. Sales in many categories of NH packaged food were negatively impacted by a resumption of cross-border trade with Sweden in the second half of 2021, including breakfast cereals, rice, olive oil, honey, biscuits, pasta, nuts, seeds and trail mixes.

Euromonitor International's Naturally Healthy Packaged Food in Norway report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.
