Abstracts

Current value growth in naturally healthy packaged food during 2020 came predominantly from traditionally popular foods such as nuts, seeds and trail mixes, honey, sour milk products and high-fibre bread. NH packaged food was not seriously affected by the COVID-19 pandemic, as these foods are part of most Romanians' usual diets. In 2020 they were increasingly promoted by nutritionists on social media.

Euromonitor International's Naturally Healthy Packaged Food in Romania report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2016-2020, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2025 illustrate how the market is set to change.
