## Abstracts

The world of retail is always changing. Retailers big and small around the world are trying new things. Some of those experiments will be the future of retailing. It is for this reason that Euromonitor International profiles the most innovative new concepts in retailing each year. These profiles will cover those retailers which showed the most creativity in grocery, non-grocery and digital/non-store retailing. This report covers 2018's most innovative new concepts by grocery retailers.

Euromonitor International's New Concepts in Retailing: Grocery Channels global briefing offers an insight into the size and shape of the retailing industry, highlights emerging trends, their effects on retailing in markets around the world, on the development of channels and consumers' shopping patterns. It identifies the leading companies and brands, offers strategic analysis of key factors influencing the market – be they the developments of new store types, the importance of non-store retailing, economic/lifestyle influences, private label or pricing issues. Forecasts illustrate how the market is set to change and criteria for success.

**Product coverage:** Non-Store Retailing, Store-based Retailing.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
