Abstracts

This report investigates the impact of smart energy metering to domestic homes, with a focus on the UK where roll-out is beginning in 2016, but also with a broader global perspective. In light of the analytics industry growing around this sector, this report looks to demonstrate how “New Consumerism”, particularly in the form of “Frugal Innovation”, “Buying Time” and also “Sharing Economy” in the context of data sharing will be a significant factor in turning major markets on their head.

Euromonitor International's New Consumerism and Sharing: Future Power the Smart Meter Revolution global briefing offers an insight into to the size and shape of the Home Care market, highlights buzz topics, emerging regions, countries and categories as well as pressing industry issues and white spaces. It identifies the opportunity zones within home care, analyses leading companies and brands and offers strategic analysis of major factors influencing the market - be they new product developments, packaging/format /ingredients innovations, economic/lifestyle/environmental influences, distribution or retail pricing issues. Forecasts illustrate how the market is set to change and criteria for success.

Product coverage: Air Care, Bleach, Dishwashing, Home Insecticides, Laundry Care, Polishes, Surface Care, Toilet Care.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
