Date: June 2019

Pages: 19

Price: US\$ 660.00 (Single User License)

ID: N67EF20A8AFEN

Abstracts

Government and private investment in infrastructure development across Australia continued to drive demand for concrete and cement products in 2018. Major construction and reconstruction projects for regional and national roads and railways were stimulated by the government's aim to improve connectivity with remote areas of the country, as well as improve the quality of the most important highways across the country.

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Non-metallic Mineral Products market at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change.

Product coverage: Cement, Stone and Ceramic Products, Glass and Glass Products, Quarrying of Stone, Sand and Clay.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Non-metallic Mineral Products market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;

Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems.
