## Abstracts

In 2017 building construction in South Korea experienced a slowdown, influenced by mounting oversupply implementation of new lending policies to restrain mortgage lending and curb speculative activity, further slowing demand in the country and contributing to building overcapacity. Over the year, Korea implemented heightened property levies and state oversight for "overheating speculative districts" in Seoul, Gwacheon and Sejong. Reflecting the cooling trend of residential construction, permits...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Non-metallic Mineral Products market at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change.

**Product coverage:** Cement, Stone and Ceramic Products, Glass and Glass Products, Quarrying of Stone, Sand and Clay.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.

## Why buy this report?

Get a detailed picture of the Non-metallic Mineral Products market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;

Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems. With offices in London, Chicago, Singapore, Shanghai, Vilnius, Dubai, Cape Town, Santiago, Sydney, Tokyo and Bangalore and a network of over 800 analysts worldwide, Euromonitor International has a unique capability to develop reliable information resources to help drive informed strategic planning.
