## Abstracts

In non-grocery retail, imports from Spain have been negatively affected by the temporary trade ban. On 8 June 2022, the Algerian authorities suspended the friendship treaty of all commercial operations between the two countries – apart from gas supplies in light of global energy challenges due to the ongoing Russia-Ukraine war. Data published by the Spanish Ministry of Commerce states these losses at an estimated EUR630 million for the June-to-October 2022 period alone. Algeria and Spain had good relations. Euromonitor International's Non-Grocery Retailers in Algeria report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers.
