Abstracts

Odevni Podnik AS did not recover from the economic crisis and is currently in insolvency (since 2010). The majority of the company's stock is being sold and only a remaining fraction of the company continued to manufacture custom tailored suits and men's outerwear. The company now concentrates on its two real estate companies and selling the ready-made clothing which is in stock. Accordingly, huge sales are going on in the company's outlets.

Euromonitor International Local Company Profiles are a concise set of briefings detailing the strategic direction taken by a company. Discover key contact details, the company background and their competitive positioning through this collection of snapshot company profiles.

Product coverage: Clothing, Footwear, Sportswear.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
