Abstracts

Online sales represented only a minimal proportion of travel and tourism value sales as at the end of the review period, although this low base also underpinned the vigorous double-digit current value growth of online sales in 2013. The convenience of online sales and the wide selection of travel products and services on offer online continued to attract many Chinese people into making travel and tourism purchases online. In addition, the number of regular internet users in China increased...

Euromonitor International's Online Travel Sales to Country Residents in China report offers a comprehensive guide to the size and shape of the market at a national level.
