## Abstracts

Shifting market frontiers and premiumisation are two megatrends that form the framework of pet care development in Southeast Asia. The influence of social media, progress of e-commerce, and potential of pet treats are key factors to drive growth in the region. This report concludes with what these developments mean for industry players, both global and local.

Euromonitor International's Opportunities in Pet Care in the Premiumising Asian Century global briefing offers an insight into the development of the market, highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces. It identifies the leading and emerging companies and brands, offers strategic analysis of key factors influencing the market, including background information on pet population, pet ownership by household and prepared gap ratio. Forecasts illustrate how the market is set to change and criteria for success.

**Product coverage:** Pet Food, Pet Products.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
