Abstracts

Demand for oral care remained more stable during the pandemic with many products seen as daily necessities for keeping teeth and gums clean and healthy. Nonetheless, with more consumers returning to the workplace in 2022 and with an increase in social engagements there was more incentive to invest in a wider variety of products with this helping to fuel stronger growth in oral care. Additionally, the strong links between good oral hygiene and overall health are also key factors in the growing de...

Euromonitor International's Oral Care in Philippines report offers a comprehensive guide to the size and shape of the market at a national level.
