Apart from a few emerging areas such as tooth whitening, oral care has reached maturity. Volumes for products such as manual toothbrushes and toothpaste are not expected to grow. However, consumers are willing to spend more on these products. Oral care value was boosted in 2017 and it is expected to be an area driven by innovation in the forecast period. In 2017, professionally positioned products were one of the most successful areas. When buying oral care products, Finns appreciate products' a...
