Abstracts

Organic is a major trend in Germany, with organic products moving into the mainstream. Local consumers continue to demand high quality, with organic products known to have undergone strict quality controls. Organic beverages are expected to continue to perform well as increasing numbers of local consumers become willing to pay extra in line with the healthy living and premiumisation trends. Germans are showing increasing interest in adopting healthier lifestyles, with part of this trend includin...

Euromonitor International's Organic Beverages in Germany report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.

Product coverage: Organic Hot Drinks, Organic Soft Drinks.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
