Abstracts

Organic beverages will register small retail value growth in 2021 with demand for organic hot drinks stalling when compared with the previous year. In 2020, with consumers spending more time at home over the pandemic, they had more occasions to consume such beverages. Organic fruit/herbal tea performed particularly well since consumers perceive the product as natural – in-fitting with the health and wellness trend. The category has also benefitted from a very strong increase in product availabil...

Euromonitor International's Organic Beverages in Italy report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.

Product coverage: Organic Hot Drinks, Organic Soft Drinks.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
