Abstracts

Demand for organic beverages remains quite limited in Russia. While retail current value sales rose for the first time in five years during 2021, this increase was marginal. The only notable products within organic beverages are organic nectars (25-99% juice) and organic 100% juice. Demand for both of these products (particularly the former) is coming under pressure as local consumers seek to reduce their consumption of sugar. Meanwhile, local consumer awareness of the potential benefits of cons...

Euromonitor International's Organic Beverages in Russia report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2017-2021, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2026 illustrate how the market is set to change.
