Abstracts

Other dairy is a sizeable product area in the Dominican Republic, largely supported by the popularity of evaporated milk. In 2023, it is expected to register moderate current value and volume growth. While there is still economic uncertainty, as a result of rising inflation, the growth in inflation is expected to ease. That being said, the rising prices and heightened price sensitivity benefit evaporated milk, as it sometimes used as an affordable alternative to drinking milk. However, given the...
