Abstracts

Packaged food sales in Finland in 2020 are set to be heavily impacted by COVID-19. The government's response to the virus has been the most important factor driving or depressing sales. Workers were advised to work from home as much as possible and all schools and universities were closed from 16 March, in addition to the shuttering of state-run facilities such as libraries, theatres and museums. This meant that for the first half of the year, most Finnish consumers were at home, driving volume...

Euromonitor International's Packaged Food in Finland report offers a comprehensive guide to the size and shape of the market at a national level.
