## Abstracts

Coronavirus (COVID-19) is having a significant impact on packaged food sales in India. A nationwide lockdown was imposed from 25 March for 21 days after which it was only lifted in some regions where the number of infections was low. The unprecedented measures necessary to curb virus transmission led to panic buying and subsequent stockpiling of various essential items as well as some non-discretionary products for indulgence. Moreover, home seclusion also created more occasions for people to ma...
