Abstracts

In March 2020, the government of Ukraine implemented a lockdown which involved the closure of all stores, with the exception of essential outlets such as grocery stores, pharmacies, gas stations and large home improvement stores, to prevent the transmission of COVID-19 in the country. All educational institutions were closed and were not expected to open again during the current school year. Workers generally were advised to work from home. During the lockdown, consumers spent more time cooking...

Euromonitor International's Packaged Food in Ukraine report offers a comprehensive guide to the size and shape of the market at a national level.
