## Abstracts

There are multiple trends and influences at play in the global packaged food industry, so much so that the single most important challenge for ingredients suppliers is to balance the many contrasting needs of both manufacturers and consumers. This report provides an overview of the market for packaged food ingredients and examines the key trends and developments in each of the main ingredient categories, highlighting the best opportunities for future growth.

Euromonitor International's Packaged Food Ingredients: Trends and Influences global briefing offers a comprehensive guide to the Ingredients market at an international level. It highlights the major drivers behind ingredient supply and demand, provides detailed analysis of the individual ingredient categories and the product categories they are used in. It also examines regional prospects, highlighting opportunities and challenges in ingredient usage.
